Soft Skills: Teamwork, cross-team collaboration, critical thinking, quick learner

EXPERIENCE

Fullstack Engineer (Frontend Focus) | 10Xers Holdings Pte. Ltd., Singapore *Oct 2022 – Oct 2026*

- Built web applications with React and Vue using reusable components and consistent UI patterns.
- Optimized application and website performance using Google Lighthouse and PageSpeed Insights.
- Designed and integrated RESTful APIs with Node.js, Express.js, and MongoDB with cross-functional teams.
- Wrote automated tests with Playwright and Jest to keep releases stable.
- Optimized SEO, hosting, and SSL for Webflow and WordPress sites; researched new tools.

Fullstack Engineer (Freelance) | Brik Construction, Jakarta *Oct 2022 – Nov 2022*

- Developed backend APIs and databases with Node.js to support a Vue-based frontend.
- Debugged and improved existing backend code for better stability.

Fullstack Engineer | Nadi Healthtech Sdn. Bhd., Kuala Lumpur *May 2022 – Sep 2022*

- Developed the web admin panel with React.js and built new features with reusable code.
- Converted designs into mobile layouts and delivered a digital health and wellness app with Ionic.
- Improved page load times and resolved bugs through debugging and testing.
- Built backend APIs with Node.js, Express.js, and MongoDB to support the web admin panel and mobile app.
